

HYDRO 2016 – CALL FOR PAPERS

Organised and hosted by the German Hydrographic Society (DHG), HYDRO 2016 takes place in **Rostock-Warnemünde (Germany) from 8th to 10th November 2016**. The venue is the “Yachthafen Residenz Hohe Düne”, beautifully located right at the Baltic Sea.

The conference will host an exhibition including technical workshops and boat trips where latest hydrographic equipment is demonstrated.

HYDRO 2016 has no dedicated topic. **The call is open to abstracts addressing a hydrographic theme** including, but not limited to:

- Latest technological advances and emerging markets
- Capacity Building
- Hydrographic surveying
- Data processing and management
- Nautical charting
- Coastal mapping and seafloor classification
- Marine renewables
- Education & training

We expect an increase of presentations related to the emerging business of offshore wind farming in the wake of the “Energiewende”.

Students and graduates are especially invited to submit presentations for a dedicated student session. £500 (GBP) and a framed certificate will be awarded to the best student presentation at Hydro as adjudged by the delegates in the audience.

Authors are invited to submit abstracts of 300 words or less (plus 1 figure) before 31st March 2016. The submitted abstract must include the following:

- Title of the proposed presentation
- Name of Author(s) and contact information, including title, organisation, address, telephone and e-mail
- Identification of primary author and intended presenter

Guidelines for submitting an extended abstract and for the presentation will be sent to authors when notified of acceptance.

Abstracts can be submitted to the HYDRO 2016 organising committee:

- by e-mail: paper@hydro2016.com
- by fax: +49 381 4563 948

Visit **www.hydro2016.com** for the latest information.
